ECC Groundwater Sustainability Plan Update

1. GSP Sections 1 (Introduction) and 2 (Plan Area):
 - a. Reviewed by ECC Subbasin Entities¹ and public.
 - b. Posted on the ECC Subbasin website (<https://www.eccc-irwm.org/about-sgma>).
2. GSP Section 3 (Basin Setting):
 - a. Reviewed by ECC Subbasin Entities¹.
 - b. Posted on ECC Subbasin GSP website this month for public review.
3. Water supply appendix to the GSP Section 4 (Water Budget):
 - a. Provided for ECC Subbasin Entities¹ review in the next week.
4. Outreach and Communication
 - a. The first virtual public meeting on July 9th presented ECC GSP progress to date. 26 non-GSA related participants.
 - b. September GSA Working Group Meeting: GSAs discussed and decided not to form a public advisory committee at this time because the subbasin is currently being managed sustainably. This decision will be reevaluated in the future if new information sparks community involvement.

¹ ECC Subbasin Entities include 7 GSAs and Contra Costa Water District
